How to Shorten Life.

The receipt is simple. You have only to take a violent cold and neglect it. Abernethy, the great English surgeon, asked a lady who told bim she only had a cough: "What would you have? The plaque?" Beware of "only coughs." The worst cases can, however, be cured by Dr. Wm. Hall's Balasm for the Lungs. In whooping cough and croup it immediately allays irritation, and is sure to prevent a fatal termination of the disease. prevent a fatal termination of the dis Sold by druggists.
